PROFILE

Jr Web Developer with a strong foundation in visual arts and a keen eye for detail and functional web experiences. With a passion for user-centered design and a drive to stay updated with industry trends, I am eager to contribute my skills and creativity to projects.

EXPERIENCE

May 2024 - Current
Jr. UXI Developer - Symbiotic AI.

Designed and developed prototypes of Symbiotic AI's flagship product. Presented early prototypes and designs to company stakeholders. Researched and scaffolded company product tech stack. Monitored and managed website hosting and ongoing maintenance through Microsoft Azure. Increased website SEO performance through collaboration with Digital Main Street.

Internship, February - May 2024
Jr. UXI Developer - Symbiotic AI.

Designed and developed company website using Next.js 14 and Tailwind. Set up CI/CD integrations through Microsoft Azure Devops Pipeline. Completed UXI research on Symbiotic AI's main product and developed version one of initial product wireframe.

EDUCATION

SOUTHERN ALBERTA INSTITUTE OF TECHNOLOGY, CALGARY, AB
CERTIFICATE IN WEB DEVELOPMENT - 2023
Acquired practical skills in HTML, CSS, JavaScript to create responsive websites. Proficient in using front-end frameworks such as Svelte and React. Contributed to collaborative projects using Git and GitHub. Connected secure databases using SQL to styled front-end applications.

ALBERTA UNIVERSITY OF THE ARTS, CALGARY, AB
BACHELOR OF FINE ART 2018 - 2023
Developed a keen sense of aesthetics and design principles, fostering a deep understanding of visual composition, color theory, and creative problem-solving. Transformed independent research on algorithms and data-structures into interactive artistic experiences through sculpture and public shows.

SHERIDAN COLLEGE, OAKVILLE, ON
ART FUNDAMENTALS - 2018
Experienced with Adobe Creative Suite (Photoshop, Illustrator, XD) and other design tools
